PROFILE (UI/UX 2022 - Present | Design Foundations 2016 - 2021)

Senior UI/UX Designer with 4+ years of experience designing and leading end-to-end user experiences across B2B SaaS products and digital platforms. Specialized in simplifying complex, data-heavy and AI-driven workflows into intuitive, scalable user experiences.

CORE SKILLS

Product & UX Strategy · SaaS Product Design · Complex Dashboards · Data Visualization · Design Systems · Cross-functional Collaboration · Design Leadership · Figma · Framer · Webflow

EXPERIENCE

XENA Intelligence - Kochi, India

Senior UI/UX Designer (*Promoted from Product Designer*)

Mar 2023 - Present

- Led UI/UX for XENA's B2B SaaS platform serving eCommerce sellers, owning design from discovery to developer handoff.
- Drove end-to-end design for four flagship products: **XENA 360, XENA Foresight, XENA BrandVoice, and Xenalytics**.
- Designed complex dashboards, analytics interfaces, and AI-powered insights with a strong focus on usability and clarity.
- Headed the Product UI/UX function, defining design standards, workflows, and mentoring **two UI/UX designers**.
- Owned XENA's website end-to-end, including UX, UI, development, and deployment using **Framer**, and supported marketing initiatives when needed.

Wednesday Solutions - Pune, India

UI/UX Designer (Product & Web)

Apr 2022 – Nov 2022

- Designed B2B and B2C web applications across healthcare and enterprise domains.
- Delivered UX flows, wireframes, UI design, and interactive prototypes using Figma and Webflow.

EARLY CAREER

Interior Designer - PencilPlus · Arrivae · Houzlook

2016 - 2021

- Worked on residential interior design projects, building strong foundations in visual design and client communication.

EDUCATION

Professional Bootcamp in UX/UI Design - DesignBoat UI/UX School (2021–2022)

B.Tech in Civil Engineering - Mar Baselios Christian College of Engineering & Technology (2012–2016)
